the European Central Bank
and the Comisión Nacional del Mercado de Valores**

This Memorandum of Understanding (MoU) is made

BETWEEN

the European Central Bank (ECB), with its headquarters at Sonnemannstrasse 20, 60314 Frankfurt am Main, Germany

AND

the Comisión Nacional del Mercado de Valores (CNMV)[of the Kingdom of Spain], with its headquarters at Edison, 4, 28006 Madrid, Spain

(hereinafter jointly the 'Authorities' and each of them, individually, the 'Authority')

WHEREAS:

- (1) Pursuant to Article 3(1) of Council Regulation (EU) No 1024/2013¹ (hereinafter referred to as the 'SSMR'), the ECB shall enter into memoranda of understanding with competent authorities of Member States responsible for markets in financial instruments.
- (2) The CNMV is a public law body with its own distinct legal personality and full public and private capacity that is governed by the provisions of Law 6/2023, of 17 March, on Securities Markets and Investment Services (hereinafter referred to as the 'SMISL'). The CNMV is entrusted with the supervision and monitoring of the securities markets and the activity of all natural and legal persons related to their trade,

¹ Council Regulation (EU) No 1024/2013 of 15 October 2013 conferring special tasks on the European Central Bank concerning policies relating to the prudential supervision of credit institutions (OJ L 207, 29.10.2013, p. 63).

the exercise of sanctioning powers over them and other functions attributed to it by law. The CNMV ensures the transparency of Spanish securities markets, the correct formation of prices in Spanish securities markets and the protection of investors, and encourages the dissemination of all information necessary to ensure the attainment of these ends.

- (3) Pursuant to Article 3(1) of the SSMR and Article 6(a) of Directive 2013/36/EU of the European Parliament and of the Council² (hereinafter referred to as the 'CRD'), the ECB shall cooperate with the other parties of the European System of Financial Supervision (ESFS), in particular when ensuring the flow of appropriate and reliable information, in accordance with the principle of sincere cooperation set out in Article 4(3) of the Treaty on European Union.
- (4) Pursuant to Article 56 of the CRD, the requirements regarding professional secrecy and use of confidential information set out in Articles 53 and 54 of the CRD do not preclude the exchange of information between, on the one hand, competent authorities in the discharge of their supervisory functions and, on the other hand, authorities entrusted with the public duty of supervising other financial sector entities and authorities responsible for the supervision of financial markets.
- (5) Pursuant to Article 252 of the SMISL, the CNMV will cooperate and collaborate with the supervisory authorities of the Union under the terms established in Union regulations and legal provisions. In particular, it will exchange information, collaborate in investigative or supervisory activities, and cooperate in facilitating the recovery of financial penalties. The exchange of information regime contained in the SMISL, and its implementing rules may not prevent the CNMV from transmitting the confidential information necessary for the exercise of its functions to the central banks of other Member States, the European System of Central Banks, and the ECB, in their capacity as monetary authorities, and, where appropriate, to the public authorities responsible for the oversight of payment and settlement systems.
- (6) Considering the respective supervisory tasks and responsibilities of the ECB and of the CNMV.
- (7) Recognising the benefits of mutual cooperation in issues of joint interest and to ensure proper supervision of financial institutions referred to in the SSMR that also operate in the securities sector.
- (8) Desiring to use their best efforts possible to assist one another with the fullest mutual assistance possible to facilitate the performance of the tasks they are entrusted with by Applicable legislation as defined in this MoU,

² Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions, amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC (OJ L 176, 27.6.2013, p. 338).

THE AUTHORITIES HAVE REACHED THE FOLLOWING UNDERSTANDING:

Article 1

Scope and purpose

- (1) This MoU has been agreed bilaterally on a voluntary basis between the ECB and the CNMV as a competent authority responsible for markets in financial instruments in order to have appropriate cooperation arrangements in place as provided for under Article 3(1) and the thirty-third recital of the SSMR.
- (2) This MoU describes in general terms how the Authorities will cooperate with one another in the performance of their supervisory tasks under Union law in relation to financial institutions referred to in the SSMR with regard to supervisory tasks conferred on the ECB and the tasks of competent authorities responsible for markets in financial instruments. This MoU is without prejudice to cooperation arrangements between the CNMV and national competent authorities responsible for prudential supervision, and any other cooperation arrangements that the ECB and these NCAs might enter into, also having regard to national legislation.
- (3) Article 4 and Article 5(1) of the SSMR confer on the ECB certain exclusive competences to be carried out in relation to the credit institutions established in the participating Member States.
- (4) Pursuant to Article 18 of the SMISL, the CNMV is entrusted with the supervision and monitoring of the securities markets and the activity of all individuals and legal entities involved in the securities markets, the exercise of sanctioning powers over them and the other functions attributed to it by the SMISL. According to Article 18.2 of the SMISL, the CNMV will also ensure the transparency of the securities markets, safeguard the correct formation of prices therein and the protection of investors, and promote the dissemination of all information necessary to ensure the achievement of these objectives.
- (5) Article 3(1) of the SSMR requires the ECB to cooperate closely with the European Authorities and the other Authorities which form part of the European System of Financial Supervision. Article 3(1) of the SSMR establishes that, where necessary, the ECB will enter into memoranda of understanding with national competent authorities responsible for markets in financial instruments. The thirty-first and thirty-third recitals of the SSMR recognise that it would be beneficial to establish channels for collaboration and exchange of information between Authorities vested, for different purposes, with responsibilities with respect to the same financial institutions.
- (6) The purpose of this MoU is to facilitate the cooperation arrangements in relation to the respective supervisory tasks between the ECB and the CNMV. Within this purpose, and subject to such restrictions and arrangements as may be considered necessary by either Authority to preserve the confidential nature of certain information, the Authorities will cooperate and exchange information.

- (7) With this MoU, the Authorities will use their best efforts to provide to each other to the fullest extent possible mutual assistance in the performance of their respective tasks.
- (8) This MoU is without prejudice to the statutory or legal tasks, obligations and powers of the Authorities and does not in any way restrict their powers to fulfil their statutory or legal mandate or their discretion to act in accordance with their competence. In that regard, the exchanges of information under this MoU are to be conducted without prejudice to the statutory powers, responsibilities and respective legal frameworks of the Authorities.
- (9) This MoU is without prejudice to other cooperation arrangements that either or both of the Authorities have agreed upon or may conclude for the purpose of cooperation in specific areas.
