General comments
- Is there (and what) a way for aligned calculation of the time commitment? Any kind of matrix?
- When the benchmarks on time commitment will be updated?
- Why this topic is not part of FAP assessment and how we can take into account the health condition of the MB/SB/KFHs during
the FAP assessment? - Since the new Questionnaire is much more extensive that the previous one, shall we fill it out again for all our SB, MB Members and
KFHs?
