*CP3 – Draft ECB Regulation
on reporting of supervisory financial information consultation*

Dear Mr Düllmann, dear Mr Rodriguez,

the bwf is a nationwide trade association representing the common professional interests of securities trading firms in Germany on a national and European level. In this capacity, we expressly welcome the opportunity to participate in the consultation on the proposed ECB regulation on reporting of supervisory financial information consultation.

Following our discussion at the occasion of the ECB public hearing on this matter, held on 13 November 2014 in Frankfurt am Main, we would like to repeat our petition for a clarification with respect to the scope of the proposed regulation, in order to avoid any legal uncertainty, which might arise from a certain ambiguity resulting from the definition of *“supervised entities”* in the SSM-Framework Regulation¹ in connection with the scope of authorisation of the ECB stipulated in Article 4 of the SSM-Regulation².

Please refer to the enclosed consultation template for a more elaborated formulation of our thoughts and concerns. Furthermore, it might be of interest that basically the same problem did arise in the context of the ECB Regulation of Supervisory Fees, where the European Central Bank did clarify in a general way

that “entities which are not under the supervision of the SSM are not subject to the obligation to pay fees”³.

We have no objections regarding the publication of our comments on the ECB’s website.

Yours sincerely,

Michael H. Sterzenbach
Secretary General
